NATIONAL FOREIGN INTELLIGENCE BOARD

WASHINGTON, D C. 20505

2 September 1982

NOTE FOR:

25X1

Enclosed are items from Community elements (NSA*-DIA-CIA) for use in DCI briefing to PFIAB on 8 September.

Since the DCI's last briefing on 8 July, there has been relatively little interaction -- briefings and such -- by most Community organizations with the PFIAB.

I should note, however, that on 7 September, Admiral Burkhalter, DD/DIA, will brief Adm. Moorer's Task Force (Organization, Management, Personnel). Burkhalter's presentation will, among other things, focus on DIA's working relationship with CIA.

Also, on 7 September at 1000 hours, Ed O'Malley, FBI, will provide to the DCI a status report on the hostile presence of foreign nationals within the US -- a matter of "burning interest" to the PFIAB Task Force on CI.

*NSA is prepared to provide detailed briefings if desired on topics they've submitted. Also, NSA is tentatively planning to offer two other topics for the DCI's next briefing to PFIAB (Nov?)
